LAKE
LIFE

Visitors to Myanmar's stunning Inle Lake have often had to rough it in the name of intrepid travel. No more. Sanctum Inle Resort opens this month with just 94 rooms on the shores of this iconic locale. Boasting an Olympic-sized pool, a lavish presidential suite, and signature restaurant The Refectory, which promises to boost the local culinary scene to new heights, the Brigitte Dumont de Chassart-designed retreat marries modern luxury with the timeless setting of the lake, best known for its stilted wooden homes, floating vegetable gardens and dexterous anglers, who propel their boats across the water with a single, one-legged rowing stroke. Be sure to leave time for a spot of pampering in the Sanctuary Spa, with its five treatment rooms and signature Tamarind Scrubs. www.sanctum-inle-resort.com
